EDUCATION

B.Sc. in Computer Science

IMAM ABDULRAHMAN BIN FAISAL UNIVERSITY

📅 2015 – 2020

SKILLS

- I am familiar with Java language
- Good knowledge of using MySQL to build databases
- Designing efficient algorithms for problems
- Writing readable code following standards for example PEP8
- Creative thinking and problem solving attitude
- Python, Numerical methods such as calculus for solving problems.

EXPERIENCE

COOP Training

📅 May 2019 – July 2019

📍 Saudi Arabia, Dhahran

I did the COOP training in ROSEN company in Dhahran Techno Valley for 10 weeks. I worked on image processing, signal filtering, data analysis during my coop to solve problems. I wrote a report on Random Forest (RF) algorithm.

PROJECTS

Gifts Store Application

Java language, MySQL

I implemented an application with my group using Java language and MySQL. This application is an online gifts store "For You" with many categories related to it.

LANGUAGES

- English (Proficient)
- Arabic (Native Language)

REFEREES

Kabir Muhammad Abdulmajeed

Sensor & Algorithms specialist
